Why Exhibit in Riyadh?

Saudi Arabia's Logistics and Warehousing Market is Expected to Surpass \$38 Billion by 2030...

Riyadh is the center of the largest Middle East logistics sector with continued rapid growth, driven by Vision 2030 initiatives.

Saudi Arabia's National Strategy for the Logistics, Transport and Warehousing Sectors is a Key Component of Vision 2030.

The Strategy Will Transform the Kingdom into a Global Logistics Hub. The Hub will Serve 6 Billion People on 3 Continents.

The Rising Demand in Logistics and Warehousing Sectors...

The growing construction of warehousing hubs has created significant opportunities due to the increasing demand for high-quality, automated facilities that ensure a smooth supply chain process. As businesses seek to optimize their logistics, there is a strong demand for integrated centers featuring new-generation logistics facilities. Widespread opportunities for logistics and warehousing providers, 3rd Party Logistics companies. High demand in this sector offers widespread opportunities for technology providers.

Saudi Arabia's Industrial Racking Systems Market Expands Alongside Growth in Warehousing and Logistics Sectors...

The rise of e-commerce and supply chain optimization has increased demand for efficient storage solutions, with industrial racking systems helping businesses maximize warehouse space and improve inventory management. The increasing demand for efficient supply chains provides key opportunities for growth and innovation in logistics, warehousing, and technology companies.

Why Exhibit with Riyadh Exhibitions Company (REC)?

Exhibiting at the Largest Industrial Sector Gathering in the Middle East, Offers Companies the Chance to Expand in One of the World's Most Dynamic Logistics & Warehousing Markets...

Maximize your business development opportunities and ROI...

Saudi Smart Logistics is co-located within Riyadh International Industry Week (RIIW). It is the largest gathering of the industrial sectors stakeholders and trade buyers. Celebrate the sustained success of 21 editions of the Kingdom's leading industrial trade fairs...

www.riyadhiiw.com

Co-located trade fairs include:

The 21st International Trade Exhibition for Plastics, Petrochemicals, Foam and Rubber Machinery, Products and Technology.

The 21st International Trade Exhibition for Paper, Printing & Packaging Innovations, Technologies, Products & Services.

Do not miss the concurrently held summit:

THE RIYADH INTERNATIONAL INDUSTRY WEEK SUMMIT 2026

The concurrently held international summit serves as a platform to present and evaluate latest evolving advancements. Experts will discuss the state of the industry as well as introduce the latest technologies and best practices that are impacting industries such as food, pharmaceuticals, consumer and industrial and products. The events and proceedings will be shared on-line, and promoted, regionally and internationally to sector professionals.

35 Years of Sustained Success in Serving the Industrial Sectors of the Kingdom..

The Market for Plastic Products in the Kingdom is Rapidly Growing as the Boom in the Construction, Food & Beverage and Retail Sectors Continues...

\$27 Billion

National Industrial Development and Logistics Program...

The NIDLP will enhance logistics, warehousing, and supply chains throughout the Kingdom and connect the Saudi logistics system to regional and global markets. Government backed funding and Improvements to transportation networks, airports, ports and industrial zones will continue the accelerating industrial transformation in the Kingdom.

\$10.17 Billion by 2025

Warehousing Market Expansion Driven by Economic Success...

Saudi Arabia is fast becoming a hub in global supply chain networks as the largest economy in the Middle East. Massive growth is being recorded in the value of the warehousing market, which will reach \$10.17 billion in 2025. Opportunities for suppliers of all types of material handling vehicles and equipment, warehousing solutions and technologies will see growing demand through 2025 and beyond.

\$2.42 Billion by 2025

Racking and Storage Equipment: A Major Driver for Material Handling Equipment...

Widespread business opportunities for manufacturers of storage, racking, picking & packaging systems that optimize warehouse operations, reduce costs and increase operational efficiency, make them key components of modern logistics and warehousing.

Saudi Arabia's Booming Economy is Driving Growth in the Logistics and Warehousing Sectors...

\$3.32 Billion by 2025 E-Commerce Key Driver for Logistics Sector Expansion...

The Saudi Arabia e-commerce logistics market is projected to grow from \$2.02 billion in 2024 to \$3.32 billion by 2025. The growth is being driven by the rise in online retail shopping and takeaway food. As consumer demand increases the need for manufacturers and distributors of equipment and technology for storage, racking, packaging, labeling, machinery, and light commercial vehicles will see rapid growth.

\$4.79 Billion Cold Chain Logistics and Warehousing Creates Opportunities for Manufacturers...

Logistics and warehousing will be the largest revenue segment, creating opportunities for manufacturers of refrigeration, vehicles, shelving, and racking solutions due to the demand for fresh foods and pharmaceuticals. Growth in the hospitality and supermarket sectors will drive demand for efficient refrigeration, transportation, and storage solutions, high growth opportunities for logistics and warehousing technology manufacturers.

131,900 Vehicles Light Commercial Vehicle (LCV) Sales Increase Driven by Logistics Sector...

Saudi Arabia's light commercial vehicle market is expected to see a continued surge in sales, projected to reach 131,900 vehicles by 2025. The rapidly growing logistics sector, particularly driven by the expansion of e-commerce activities, is fueling demand for imported LCVs. Government loans are helping SMEs update their fleets, especially with the purchase of electric and hybrid vehicles.

\$397.9 Million Forklift Market in Saudi Arabia Will Grow at 8.6%...

The Saudi forklift market generated a revenue of \$337.4 million in 2024. Due to the accelerating growth of the logistics, manufacturing and warehousing sectors, the category will grow at a huge CAGR of 8.6%. The market value will reach \$366.4 in 2025 and \$397.9 by 2026. Opportunities for manufacturers and distribution agents will accelerate in line with growth projections.
